BRYAN SPLITS WITH WILSON ON MANDATORY CLAIM OF CARRANZA SUICIDE DISPUTED COMMONER SAYS ARMENIA NEEDS TO STAND ALONE

DEAD CHIEF IS LAID TO REST IN MEXICO CITY

Claim of Herrero That Executive Killed Self Disputed By Autopsy

HUERTA IS PROVISIONAL PRESIDENT OF REPUBLIC

Several Close Friends of Carranza Arrested Upon Arrival of Leader's Body

EL PASO, Tex., May 25.—(By the Associated Press.)—General Francisco Villa, bidding defiance to the new Mexican government again, has become an outlaw among his own people. The bandit with a small force of men was reported today between Parral and Jimenez, Chihuahua, the hunted quarry of de facto troopers with a price of 100,000 pesos on his head.

MEXICO CITY, May 25.—(By the Associated Press.)—In accordance with his oft-repeated request, President Venustiano Carranza, slain last Thursday morning at Tlaxcalantongo, was buried late yesterday afternoon in Dolores cemetery, where in the shadow of Chapultepec, the poorest of Mexicans have for many years found their last resting places.

As the funeral cortege left the home of the late chief executive the extraordinary session of congress was being called to order to choose a president ad interim to hold office until a new president, to be elected September 5, is inaugurated. Adolfo de la Huerta, governor of the state of Sonora, was named after congress had been in session for an hour.

Body Reaches Capital

The body of the slain president arrived in Mexico City at 5:30 o'clock yesterday morning and was escorted by soldiers and a delegation from the diplomatic corps to the family home. Later the body lay in state, thousands looking upon the face of the man who was hurled from power by revolution and whose death occurred under circumstances that wait explanation.

Colonel Adolfo Herrero, leader of revolutionary forces, on whom was placed responsibility for the death of Carranza, has telegraphed to army authorities here that the president committed suicide rather than surrender.

Forty Are Captured

In the Carranza camp at Tlaxcalantongo, the telegram stated, forty prisoners were captured. Some of these later were released but eleven generals, General Manuel Aguilar Barón, secretary of the interior, and Yencio Bonillas, former Mexican ambassador to the United States, and Paulino Fontes, director of the national railways, were placed on board the train that brought Carranza's body to this city, but were taken off before reaching this city. They are said to have been taken to the prison at Santiago de las Vegas.

The fate of Luis Cabrera, secretary of the treasury, is unknown. Some reports state he was taken to prison with other Carranza adherents. Colonel Herrero's telegram asserted that Cabrera made his escape after Carranza had met, denouncing Carranza, there have been rumors that Cabrera was killed during the fight at Tlaxcalantongo.

None of the prisoners was permitted to attend the funeral of their late chief.

Colonel Herrero has offered to come to Mexico City to prove his assertion that Carranza killed himself and it is probable he will be sent for.

Provisional President de la Huerta will take the oath of office on June 1, according to present plans.

General Ignacio Enriquez is leading a strong column of troops into southern Chihuahua where Francisco Villa, who recently announced his opposition to the new government, is operating.

VERA CRUZ, May 25.—(By the Associated Press.)—Reports of an autopsy performed on the body of Venustiano Carranza at Tlaxcalantongo fail to agree with the claim of Adolfo de la Huerta that the president committed suicide rather than be taken captive. It is said by surgeons here that Carranza had been struck by two rifle bullets, one of which penetrated his breast and the other his abdomen. The bullets entered from in front and it was the conclusion that the president had been assassinated.

RAILROAD STRIKE SAVES PRESIDENT, NEWSPAPER SAYS

PARIS, May 25.—President Deschanel will occupy rooms at the Chateau Rambouillet for at least ten days to recover from his harrowing experience yesterday morning when he fell from a moving train near Montargis. The chateau has not been occupied since President Fallieres was in office.

The executive, says the Echo de Paris, owes his life to the fact that the railroad strike brought about a suspension of a Paris-bound train due to pass the spot where the president took his plunge from his car at almost the exact time of the incident.

The president spent a good night and his physicians this morning said his condition was as satisfactory as possible, although rest was necessary.

MOVING OF OLD CROPS IS HELD CREDIT-REMEDY

Head of U. S. Reserve Board Outlines National Needs in Letter to Senate

TOO MUCH MONEY TIED UP IN STORAGE GOODS

Commodities Held Back for Speculation or by Lack of Transportation

WASHINGTON, May 25.—Economy in individual expenditures, reduction of non-essential loans by banks, increased production and improved transportation are needed to reduce the cost of living and deflate credits, Governor Harding stated, in a letter to the senate, declared today in responding to a senate resolution of inquiry.

Discriminations as to what are essential and non-essential loans, Governor Harding stated, is a problem for local bankers familiar with local needs.

Movements of Crops

Governor Harding's letter came in response to the resolution of Senator McCormick, Republican, Illinois, requesting information regarding what steps the board contemplated to meet the existing inflation of currency and credits and consequent high prices, and what measures were proposed to mobilize credits for movement of the 1920 crop.

Governor Harding said the board for months "has recognized that the expansion of bank credits" was proceeding at a rate not warranted by the production and consumption of goods. The discount rate advances, Governor Harding said, have checked credit transactions somewhat but "have not been entirely effective in bringing about the reaction in loans desired."

"On the contrary," he said, "commercial loans have steadily increased. The average reserves of federal reserve banks are now a little over 42 1-2 per cent," he added, "as against 45 per cent at the beginning of the year about 51 per cent twelve months ago."

Last Year's Crops

Speaking of transportation facilities Governor Harding said: "The board is convinced that if the unsold portions of last year's crops can be brought to market before the new crops mature, the liquidation of credits will be now tied up in carrying the old crops will be sufficient to offset to a considerable degree the credit demands."

In the effort to reduce non-essential loans, Governor Harding said banks were advised to grant loans stimulating essential production.

"The problem of the banking system of the country," he continued, "is to check further expansion and to bring about a normal and healthy liquidation without curtailing essential production and without shock to industry and legitimate commerce."

Goods Held Back

Regarding congestion of merchandise and traffic, Governor Harding said: "It is true that under existing conditions the volume of credit required in any transaction is much greater than was the case in pre-war times, but it is also true that the resources of the member and non-member banks would be ample to take care of the essential business of the country and to a large extent of non-essentials as well if there were a freer flow of goods and credit. If commodities, which are held back either for speculative purposes or because of lack of transportation facilities should be to the market the resultant release of credit would be most beneficial."

"The board will not hesitate so far as may be necessary to bring to bear all its statutory powers in regulating the volume of credit."

POPE GETS BOTH SIDES OF THE IRISH QUESTION

PRESS APPEAL FOR INCREASE IN R. R. RATES

Would Lower Living Cost by Expediting Movement of Goods, Is Claim

WASHINGTON, May 25.—Requests of eastern railroads for increased freight rates were again before the interstate commerce commission today. Arguments in their behalf were to be presented by G. M. Scrivner, vice-president of the Baltimore and Ohio, and Samuel Rex, of the Pennsylvania system.

An expression of opinion by Daniel Willard, president of the Baltimore and Ohio, that the amount that would be involved in the granting of rates asked for would not cause an increase in the cost of living, but rather would aid in combating it through the prompt and speedy transportation of goods now held off the market because of lack of shipping facilities, was one of the statements at the hearing yesterday that attracted considerable attention.

Reports to the interstate commerce commission today from its agents throughout the country showed a continued but slow improvement in the rail freight congestion situation. The report of the American Railway association's car committee showed a reduction in the number of cars tied up from 269,000 on April 24, to less than 170,000.

INQUIRY ABOUT POLITICAL COIN IS PROCEEDING

Senator Owen's Campaign Manager Declares He Could Have Used More

HOOVER RESIDENCE IS SUBJECT OF QUESTIONS

Facts and Figures Given on Funds Received and Expended to Date

WASHINGTON, May 25.—J. W. Beller, of Washington, appearing for Senator Owen, Democrat, Oklahoma, was the first witness today in the senate's investigation of pre-convention campaign expenditures. Oklahoma supporters of the senator, he testified, raised \$7,310 for the campaign, and \$2,500 was given through the Washington headquarters. Samuel Untermyer, of New York, who gave \$1,000, he said, was the only large contributor, though Charles Owen, of Oklahoma, a cousin of the candidate, gave \$500 at the start.

"Can you run a pretty good presidential campaign on \$10,000?" asked Chairman Kenyon.

Could Have Used More

"We could have used considerably more," Mr. Beller replied. "Our total could all be expended in a single state primary fight very easily. We've secured no delegates outside of Oklahoma."

Expenditures of \$68,332, exclusive of the California primary expense have been made in the campaign of Herbert Hoover for the Republican presidential nomination. John F. Lucey, manager for Mr. Hoover testified today in the senate investigation. Total receipts were placed at \$62,185.

Senator Reed, Democrat, Missouri, questioned Mr. Lucey and before going into the matter of campaign expenses he asked as to Mr. Hoover's residence. Mr. Lucey refused to coincide with the senator's suggestion that Mr. Hoover's real residence was London, England, but he was not positive on the point.

"I want to know something about expenditures," Senator Edge, Republican, New Jersey, interrupted. "Chairman Kenyon ruled the question in order."

"First I can give you all the figures but those in the California campaign," Mr. Lucey said. "They were handled there."

"There have been many charges of both sides about that," interjected Chairman Kenyon. "We have summed up the matter who know."

Mr. Lucey told of the organization of the Hoover national Republican club, "to act as a clearing house for the Hoover clubs that had grown up in various parts of the United States," but said Mr. Hoover took no part in the step.

Tells About Contributions

The witness said no individual had contributed more than \$1,000, and that no corporation had contributed anything.

"Expenditures for printing and publicity were placed by the witness at \$30,033; for salaries \$14,803; on the Chicago convention committee \$2,000 and to Hoover clubs in Washington state \$2,000.

While \$14,000 had been borrowed to meet expenses there was \$9,852 contribution on hand, but a deficit not covered by contributions was noted at \$4,147. Contributors were not named in the statement filed.

NEW YORK, May 25.—Henrietta Bulte, 15, who was found in Hollywood, Calif., May 17, after a nationwide search since her disappearance here April 12, has returned home. SONS OF RIVALS IN POLITICS ARE MADE FRIENDS

CHICAGO, May 25.—Two young men who are political opponents of a strange sort—sons of two of the candidates for the Republican nomination for president—met yesterday at the headquarters here of Senator Hiram W. Johnson.

"I'm Osborne Wood," said the young man in an army officer's uniform to the western senator's son. "Heard you were in town and thought you might like to have cards to some of the clubs. My father is doing the same as your father—running for the presidency."

"That's mighty decent of you," said young Johnson as he shook hands. The cards were to four of the leading Chicago clubs.

DENIES LIQUOR FUNDS PAYING EDWARDS' BILL

Manager of N. J. Governor's Campaign Resents Charge of "Wet Underwriting"

WASHINGTON, May 25.—Walter V. Vick, manager of the presidential campaign of Governor Edwards, Democrat of New Jersey, denied before the senate investigating committee today that any liquor interests were "underwriting" the governor's campaign.

Mr. Vick testified that the total fund raised for his candidate was \$12,900.

"His campaign is not a 'wet' campaign in any sense," said Mr. Vick. "He is running solely on the platform of his personal convictions as to personal liberty and business efficiency. He himself hasn't had a drink of anything with alcohol in it for thirty years."

"That's not New Jersey's fault," remarked Chairman Kenyon.

"Has there been any pledge or promise of office in case of Governor Edwards' election to the presidency?" asked Senator Reed.

"Absolutely none," was the reply. Senator Reed and Chairman Kenyon asked for details of what the former described as a "hot campaign" in California.

"Tell me what you want," Mr. Lucey replied. "I'll telegraph instantly to Mr. Gregory there, and have him bring on the full report. I'll draft the telegram now."

Laudatory Articles

The telegram, asked for local and general expenditures in that state.

"Who is it writes these laudatory articles about Mr. Hoover in the newspapers and periodicals?" Senator Reed asked.

"Be specific and I'll try to tell you," Mr. Lucey replied.

"So you can't tell us who financed these publications?" Senator Reed continued.

"There is a Hoover publicity league with Mr. Edward Tyne Hunt in charge," Mr. Lucey replied.

About Newspapers

"Exactly. I knew there was something," Senator Reed retorted. "Now about that—what have they done?"

"I understood they were giving out information about Mr. Hoover," Mr. Lucey said. "The only thing I saw was a pamphlet entitled, 'How to form a Hoover club and how to take a straw vote.'"

"Know anything of Mr. Hoover's publication, the Washington Herald, or others?" asked Senator Reed.

"Nothing but what I've read," Mr. Lucey said, adding that he "had only read about plans for a Hoover newspaper to operate during the Chicago convention."

Bryan Takes Flat Issue With President on Near East Situation

EXERCISING AUTHORITY OVER NATION OPPOSED

Message of Executive Asking Power to Accept Mandatory to Be Considered

WASHINGTON, May 25.—William J. Bryan took flat issue today with President Wilson over the question of an American mandate over Armenia, declaring in a statement that "any mandate is impossible."

The United States, Mr. Bryan said, could do more toward making the world safe for democracy "even for democracy in Armenia," by recognizing the Armenian republic and entering the league of nations "as the friend of all little countries."

Clay Is Quoted

"Nearly 100 years ago," continued Mr. Bryan, "Henry Clay set forth the American view on this subject in dealing with aspirations of South American republics. Clay declared it to be a reflection on the Almighty to assume that he would create peoples incapable of self government and leave them to the victims of kings and emperors."

Theory Criticized

"All the colonial exploitation of helpless peoples is defended on the theory of their incapacity for self government. We cannot endorse this theory which will be injurious to the Armenian people instead of a kindness to brand them as incapable of self-government. If it were once admitted they never would be permitted to out-grow the presumption of incapacity because consent to their independence would encourage other subject peoples to ask for independence."

America and Christianity

"Christianity does not require us to abandon our ideas of government or to adopt monarchical forms in rendering aid to suffering people. American ideas are distinctly consistent with Christianity. We can recognize the independence of the Armenian republic and send as minister to Armenia a man who has faith in democracy and who believes that governments should rest upon consent of the governed. He can advise with Armenian officials when they desire advice and help them as a friend. We can be of much more service to them in this way than we can by exercising authority over them. Then, if we will ratify the treaty and enter the league of nations as the friend of all the little countries and insist upon universal disarmament we may be able to make the world safe for democracy—even for democracy in Armenia."

President Wilson's message asking authority to accept a mandate over Armenia probably will not be considered by the house foreign affairs committee until after the recess.
